# LOOK FOR A **WINNER**

---

protecting people

The role and responsibilities of your PPE supplier

## What is uvex – and who belongs to the uvex group?

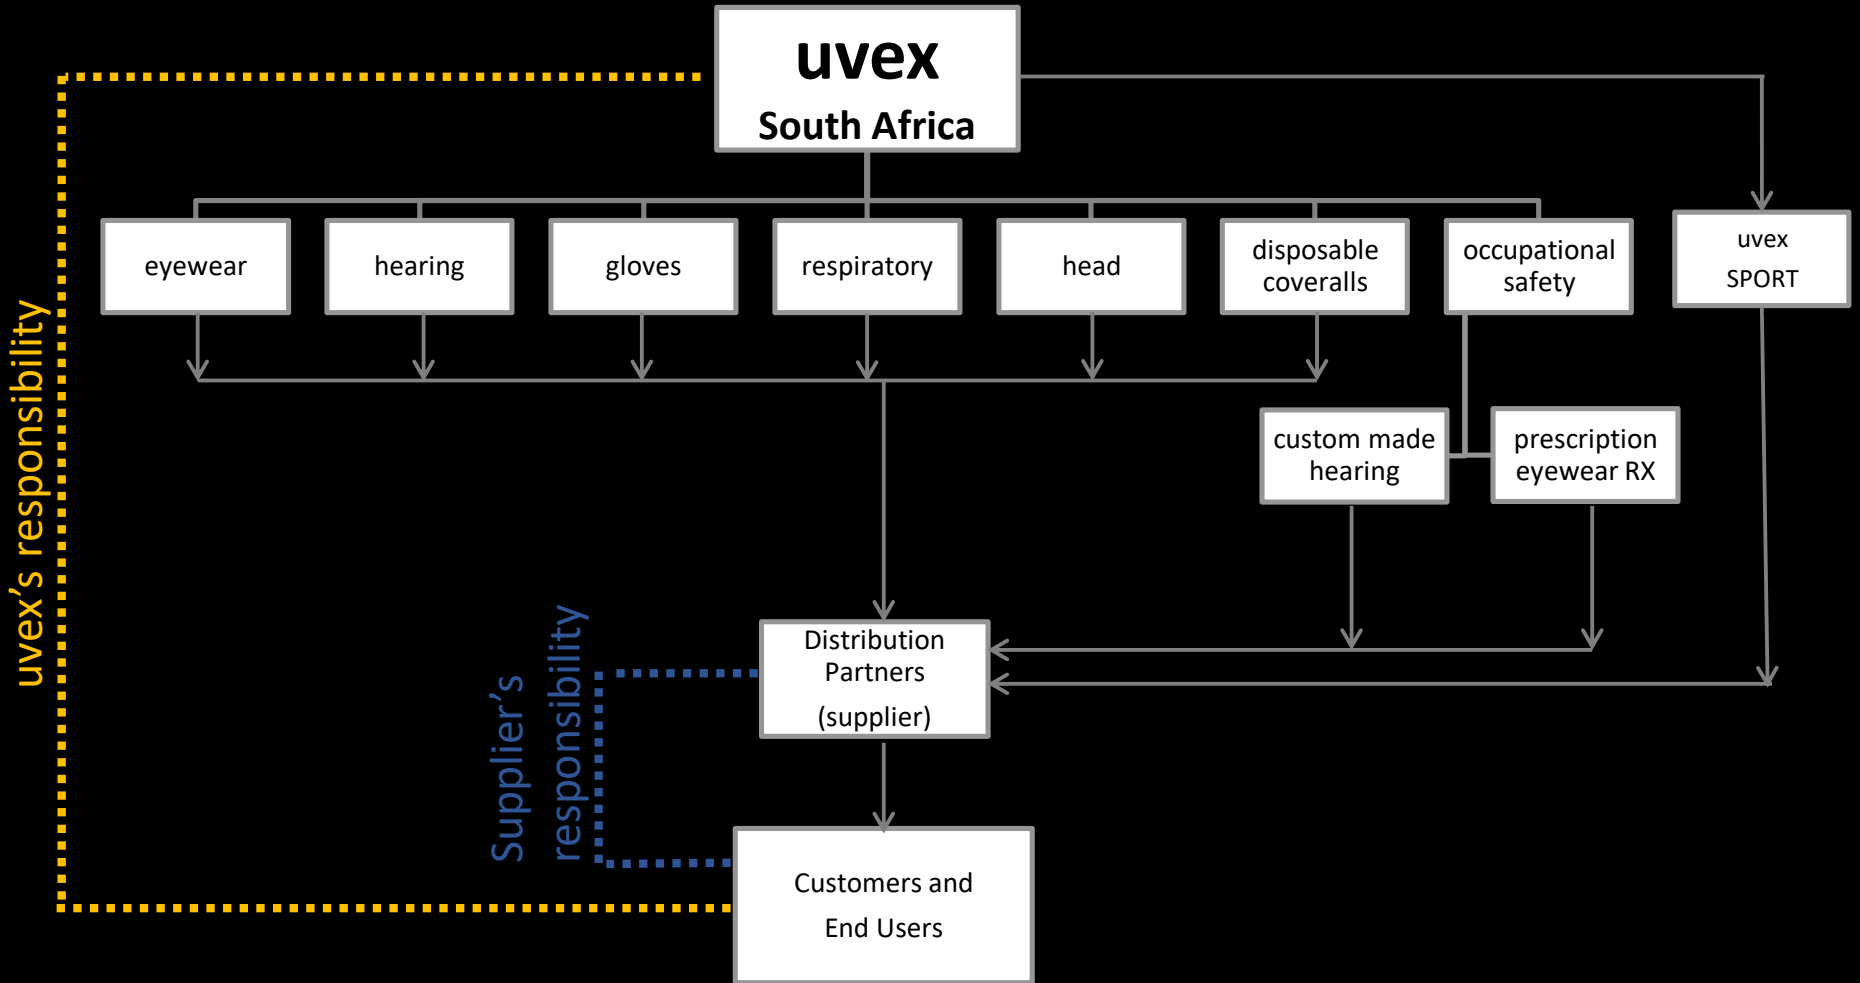

uvex is a global leader in sports and safety Personal Protective Equipment manufacture.

Our motto "protecting people" is both our mission and duty since 1926

We develop, produce and sell products and services that keep people safe and protected, whether at work or play.

The uvex group has 48 subsidiaries in 22 countries with production concentrated in Germany: Two thirds of our +2,300 employees work in Germany.

# The role and responsibilities of your PPE supplier

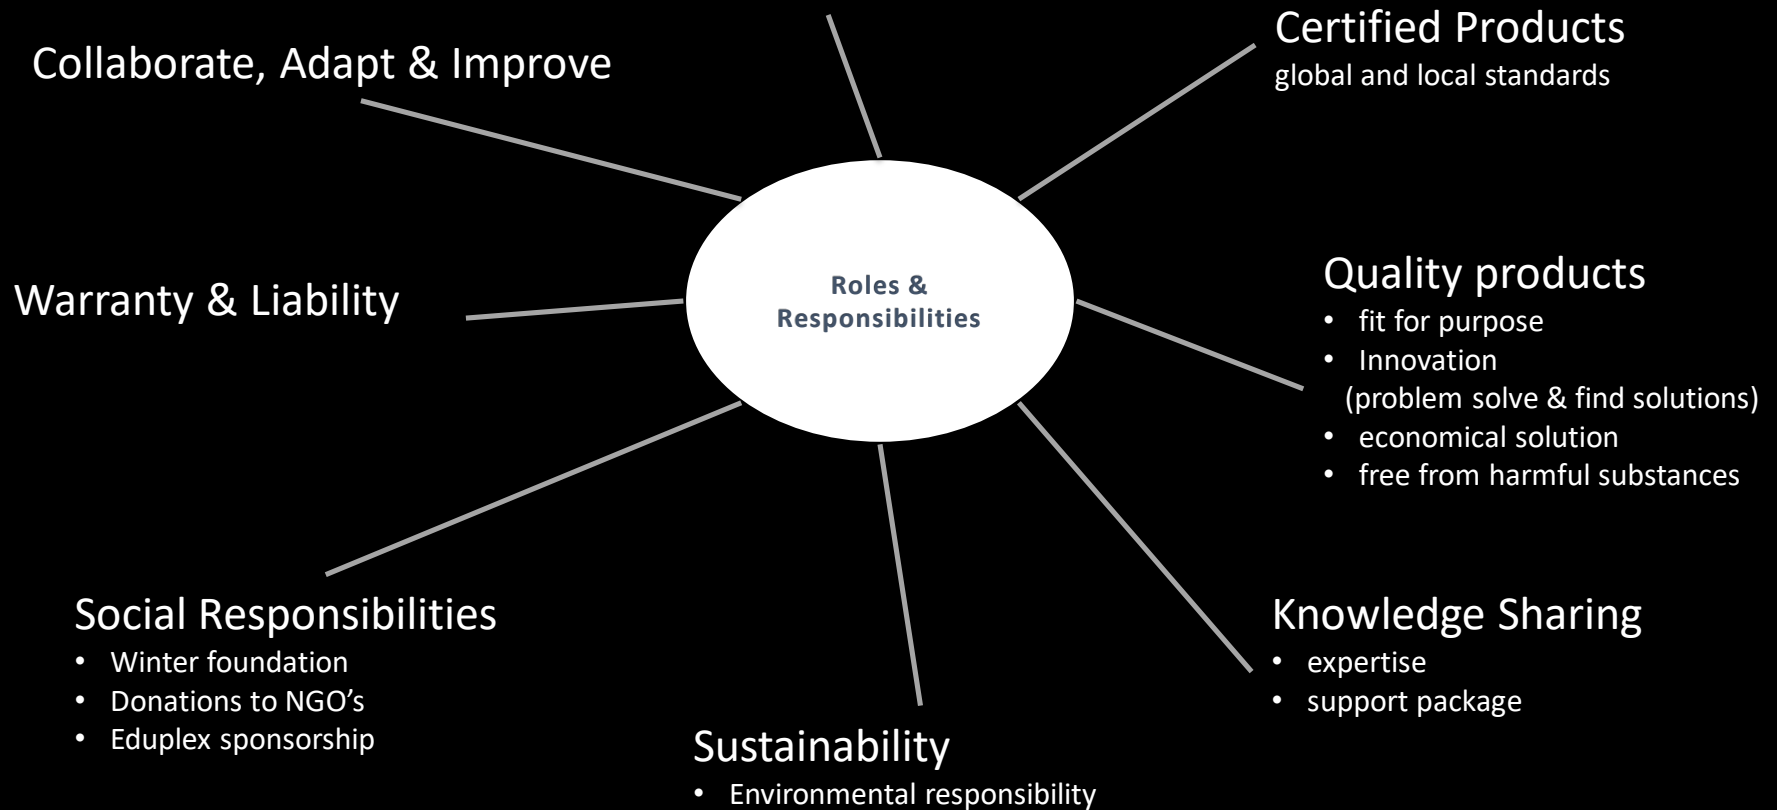

## The role and responsibilities of your PPE supplier

## Honesty & Integrity

- good business and people practice

The role and responsibilities of your PPE supplier

## In a nutshell,

- You have the right to ask the right questions (it's your responsibility)
- Authenticate your supplier (question their abilities, service, product and support offering)
- PPE suppliers and manufacturers play a part in the overall picture in a "sustainable, economical and value-added safety program"

The role and responsibilities of your PPE supplier

**uvex safety group have acquired a substantial interest in HexArmor® enabling its re-entry into the North American safety market, uvex and HexArmor® are pleased to announce their partnership in Europe**

Thank you
