Benefits of the conference for SAPEMA and SAPEMA members

- ◆ This conference aims to foster a strong, professional image and enhanced reputation of SAPEMA in the workplace. This will have a positive knock-off effect on all SAPEMA members.
- ◆ The conference will give members of SAPEMA an opportunity to show true leadership in their fields of expertise as well as their enhanced knowledge of PPE.
- ◆ The conference will foster the image of SAPEMA members as experts who can be trusted to supply the best PPE, to ensure their clients enjoy business success and achieve worker safety and health.
- ◆ The exhibition will give SAPEMA members an opportunity to promote and demonstrate their products.

Benefits of the conference for attendees

This conference will be a unique opportunity for attendees to develop their expertise and knowledge in PPE. They will gain valuable knowledge and practical skills when applying PPE in the workplace ultimately creating a more productive and safe work environment including:

- ◆ Enhanced knowledge of PPE, its uses, limitations and proper use
- ◆ Improved understanding of workplace hazards and risks
- ◆ Increased confidence in PPE, through proper application
- ◆ Networking opportunities with colleagues, industry experts, vendors and suppliers
- ◆ Access to resources for future concerns
- ◆ Improved awareness of industry trends and innovations
- ◆ Better understanding of emergency procedures and responses
- ◆ Learn about new technologies and innovations
- ◆ Training and education on correct PPE use and maintenance
- ◆ Increased knowledge of compliance and understanding the law
- ◆ Opportunities to learn from case studies
- ◆ Improved supply chain management and procurement processes
- ◆ Future innovations
- ◆ Understand the importance of using the correct PPE.

Call for papers and speakers

SAPEMA members are invited to give a presentation at this event.

To secure a presentation slot in the programme, contact the organisers as soon as possible.

The following topics are suggested, but not limited to:

- ◆ Standards (international and local), the law and regulations
- ◆ Lessons learned from Covid – example: proliferation of imitations
- ◆ Women in PPE
- ◆ Advancements in technology – materials, design etc
- ◆ Human factors in design: comfort and design vs practicality
- ◆ Helping managers divided on PPE choices navigate conflicting opinions on what to purchase
- ◆ Emerging trends: New generation PPE
- ◆ Infectious disease control through PPE
- ◆ Supply chain management and procurement processes
- ◆ Maintenance, inspection, storage and repair of PPE
- ◆ Training and education of workforce in correct application of PPE
- ◆ Case studies
- ◆ Problems with e-commerce websites
- ◆ Overcoming the unfortunate practice of industry buying the cheapest not the best
- ◆ Inferior quality PPE contributes to worker slump
- ◆ Accidents caused by lack of PPE, or incorrect PPE can lead to the costliest claims
- ◆ Balancing PPE costs and quality
- ◆ Advantages and disadvantages of reusable and disposable PPE
- ◆ Other topics related to specific PPE: eg hand, foot, respiratory etc.
